Photography and communication media in the nineteenth century

In *Doctored*, Tanya Sheehan takes a new look at the relationship between photography and medicine in American culture from the nineteenth century to the present Sheehan focuses on Civil War and postbellum Philadelphia, exploring the ways in which medical models and metaphors helped strengthen the professional legitimacy of the city's commercial ...

Doctored: The Medicine of Photography in Nineteenth

When the revolutionary technology of photography erupted in American culture in 1839, it swiftly became, in the day's parlance, a "mania." This richly illustrated book positions vernacular photography at the center of the study of nineteenth-century American religious life.

PDF Abstract. It may never be possible to discover who was the first person to use a camera in India. Dr A. Toussaint considers it likely that the Frenchman, Jules L'ŕger, may have taken photographs during his visit to India before establishing a photographic studio in Mauritius in February 1845 1. Josiah Rowe, a Calcutta surveyor, was hailed as "the father of photography in India"™ by Dr F ...
